

Residential Repair Program

Are you a homeowner in the City of Lodi and need a roof replacement, water heater, or health and safety repairs and improvements?

Is your annual household income less than the amounts listed in the table below?

The City of Lodi's program provides grants of up to \$10,000 to lower-income elderly persons, persons with disabilities, and families, who own and occupy their home and need financial assistance to make minor interior and exterior repairs and improvements.

Submit your application by **October 15, 2020**, through email or mail, or drop off at City Hall to:
